

Aman Mahila Teachers Training Co

"The School that is changing Western Rajasthan" A school has a major responsibility in building a child's care children who are just not inconsiderately obsessed about success and money but are also able to become good day is to help our children become independent thinkers and develop integrated personalities. The seed of the school was sown in the year 2002 as an upper primary school with an initial intake of about 125 students. Its main objective is to provide education to the weaker sections of the society and to prepare them to face the challenges of the times by making them disciplined. It[Know More](#)
